Sir:

Pursuant to 37 C.F.R. §1.56, §1.97 and §1.98, documents that may be material to the examination of this application are listed on the attached PTO-1449 form.

Attached is a partial English language translation of an action from the Japanese Patent Office dated on or about July 22, 2009. There were three citations in the Japanese Office Action, namely, (1) U.S. 4,195,882; (2) JP Utility Model Publication No. 04-049968; and (3) JP Utility Model Publication No. 50-170664. Copies of the Japanese Utility Model Publications are enclosed. Also enclosed is an English translation of claim 1 of each of citations (2) and (3). The relevance of citations (2) and (3) from the perspective of the Japanese Patent Office is indicated in the partial translation of the Japanese Office Action.

No inference should be drawn that the attached list represents a comprehensive investigation, or that any disclosure in the listed documents is equivalent to the subject invention.

The cited documents disclose numerous specific features. There has been no attempt to enumerate each and every feature disclosed by each document, however. The Examiner is requested to review these documents and to determine the extent of the materiality of the

document disclosures, if any, with respect to the present invention.

The discussion of any art and the citation of any document herein is not to be construed as an admission that the art or document disclosure is necessarily within the invention field of endeavor, that the art or document disclosure is necessarily prior in time to a particular date which may be relevant to the instant patent application, and/or that the art or document disclosure is otherwise necessarily prior art as defined by the patent law with respect to the instant invention and application.

The right to later set forth how the claimed invention is distinguished over the disclosure of any document or other art, including the disclosures of the art and documents recited herein, and those that may be cited by the Examiner in rejecting a claim in the instant patent application is reserved.

The recitation herein of the art and documents is not to be construed as an assertion that more pertinent art could not possibly be in existence.

Further, there is enclosed a check in the amount of \$180.00 to cover the fee for filing this Information Disclosure Statement.

Respectfully submitted,
